Money Blues

The design of Money Blues is super intuitive. The app offers five main sections: - Personal Finance: the most basic information about your finances. - Payment History: see your bank statement and payee lists in a neat and clean view. - Budget: create and manage your budget easily. - Goals: track your personal goals and set them up with categories. - Finance: calculate your monthly payments of a loan and mortgage. With the revolutionary new debit card from Square, you can now pay with just the tap of a button! This powerful new card is the easiest way to accept payments at the register, from anywhere, and without extra fees. With the Square Reader app, any cashier can swipe and see your unique card – you don't need a QR code. Just tap the "Place Order" button on the register and it's complete. Better yet, there are no fees for the consumer – you're charged only when the merchant processes the payment. The merchant is responsible for any fees. The card never gets charged. How does this new card work? The app will read your card information when you first use the card. From then on, it's as easy as: Open the Square Reader app and tap "Place Order" to pay with your card. The amount and the payment method are automatically captured. When the payment is successful, you'll see the total amount that was paid. The card number won't be shown to the merchant. When you're done, simply tap "Done." On your phone, you can check your balance by opening the app and swiping your card. You can also send payments using the Square Reader app. This card also works with Square Register. Start accepting payments from the register and you can use your card from any phone at any time! It's like having a cashier stationed at the register, 24/7. How can I get my Square Reader card today? Sign up for the Square Reader here: It's super easy. It only takes a few moments to get started. It's fast and free, and best of all, there's no setup fee. Once you're enrolled, you
